CAMBRIDGE 41, MASS.

Mr. Austin McHugh  
17-Perkins St.  
Stoneham.

Oct. 1-52

Dear sir:-

At a meeting of the Boston Rifle & Revolver Club held Sept. 9th it was voted for unanimously, that if the B.R.R. Club did not take the Huntington Ave site, the members would all be notified and any member desiring anything in the Club would have first preference to same.

The Walnut Hill Club would then be notified and they would dismantle the Club and take all remaining parts including plates etc. for a small sum, and also leave the Club room and range cleaned up and empty as we found it before occupancy.

Certain members had spoken for the three gun cleaning racks and ten foot step-ladder and some electric fixtures and Mr C. Gallup was present when this meeting took place and I am quite sure he was present, when your club members took everything out of the Club during the past week end and he should have told the men at that time to leave those articles.

Our Club members dismantled the range and plated and Club room, saving your members that work, so I am asking you to see that the above mentioned articles be sent back to our premises, or let our members desiring those articles go to your Club and remove them.

Hoping to hear from you shortly in regards to this matter, I am

Sincerely yours

*Albert Gustafson*  
*Pres. B.R.R.C.*

February 7, 1956.

Dear Charlie:

I brought up the matter of the Boston club's desire for a place to hold monthly meetings, last night, and the Directors voted that -

"The Boston Rifle and Revolver Club be invited to hold its monthly meetings at our clubhouse on any one of the three nights it requested (Monday, Tuesday, Thursday), with the exception of the Monday night our Directors meet, which is the first Monday of each month, without charge."

Yours truly,

J.F.Drumgoole  
Secretary.
